What happens if damage is done to tower?

Runs off of 110

List of equipment to be added to addendum to lease agreement

Will take less than a few months to get up and running

An 8' pole off of handrail/2", 12 access points around tower to give better coverage to village

Darlene Crumly, 109 Jetta Dr, contacted ODOT re the water erosion behind her house. Aaron Maker with ODOT implied that the water easement is the responsibility of the village. Kelly suspects that it is a registered waterway and the county would be responsible. ODOT feels that it is an easement. The village will find out who is responsible and follow up with Ms. Crumly.
